

A doctor who is with you
always — everyday.

What is Doctor On Demand?

No more waiting rooms, no more scheduling hassles. Doctor On Demand lets you see a doctor right away. All from your mobile device or computer.

Within minutes you'll be connected via video with a board-certified physician. They can diagnose, treat and even prescribe if necessary. Think of it like having your own personal doctor on call.

How does a video visit work?

The Doctor On Demand app works with any smartphone, tablet, or computer with a front-facing camera. You can download the app from the App Store, Google Play, or access care via DoctorOnDemand.com.

Through live video, our hand-picked doctors review symptoms and medications, perform an exam, and recommend a treatment plan. Our providers are available within minutes or by appointment. You can also schedule a visit with one of your favorite providers at any time that works for you.

Doctor On Demand has the highest ratings and most reviews¹

More 5-star reviews than all first-generation telemedicine providers combined

What can we treat?

Doctor On Demand physicians treat hundreds of conditions – including 18 of the top 20 issues seen in urgent care and the ER. Each one of their board-certified doctors were trained in, and are based in, the U.S.

Top Medical Issues: Cough, cold, flu, rash, pink eye, sports injury, bug bite, urinary tract infection, vomiting, travel issues, and sore throat.

How much does it cost?

Doctor On Demand video visits cost far less than a trip to the emergency room or urgent care. The cost of your visit is provided up front, so you won't have any surprises after. Visits cost \$49 or less, depending on your health
