

2020 Association Member Benefits

The Alliance for Strong Families and Communities welcomes and encourages the membership of all associations that serve and represent organizations providing any full range of human services.

We offer state associations complimentary membership because we believe associations are critical partners in advocating for effective federal, state, and local policies as well as in further strengthening the human services sector.

We Value Your Experience

As a member of an influential network of organizations representing the key interests of human service organizations, your association will be a strategic partner with an important role in bringing practice to policy—from gathering information and analyzing federal legislation and regulations to disseminating information and mobilizing agencies in an intentional and targeted way.

Benefits for You and Your Staff:

- Member rate networking opportunities to share, connect, and collaborate with other associations and Alliance members from across the country
- Opportunities to influence policies that impact human service organizations at the national and state levels
- Updates and assessments on active federal and state legislation
- Access to the Policy Radar, E-News, webinars, and teleconferences
- Unlimited use of the Alliance Library for association needs only
- Waiver of honorarium fees for Alliance CEO, COO, or other senior staff to present at your meetings and conferences (associations/coalitions pay travel costs only)
- Opportunity to earn revenue by becoming a referral partner

Benefits You Can Pass on to Your Members:

- Invitations to Alliance-sponsored events, trainings, and conferences in your area
- Registration discount to attend the Alliance National Conference at the member rate
- Discount to purchase our acclaimed U.S. Human Services Compensation report at the member rate
- Discounted group product purchasing

Membership Expectations:

- Actively participate in the Alliance's policy agenda
- Include at least one Alliance presentation at state association meetings or conferences per year
- Share Alliance promotional content with association members four times per year
- Include the Alliance logo on the state association's web site home page
