## Medical Benefits

	In Network	Out-of-Network
<b>Annual Medical Deductible</b>		
Individual	\$2,000	\$2,000
Family	\$4,000	\$4,000

All individual deductible amounts will count toward the family deductible, but an individual will not have to pay more than the individual deductible amount.

You're responsible for paying 100% of your medical expenses until you reach your deductible. For certain covered services, you may be required to pay a fixed dollar amount - your copay.

	In Network	Out-of-Network
<b>Annual Out-of-Pocket Limit</b>		
Individual	\$6,500	\$6,500
Family	\$13,000	\$13,000

All individual out-of-pocket maximum amounts will count toward the family out-of-pocket maximum, but an individual will not have to pay more than the individual out-of-pocket maximum amount.

Once you've met your deductible, you start sharing costs with your plan - coinsurance. You continue paying a portion of the expense until you reach your out-of-pocket limit. From there, your plan pays 100% of allowed amounts for the rest of the plan year.

# Here's an example of how the plan's costs come into play.

## 1 At the start of your plan year...

You're responsible for paying 100% of your covered health services until you reach your **deductible**, which is the amount you pay before your health plan pays a portion.

YOU PAY 100%

## 2 Once you reach your deductible...

Your health plan starts to share a percentage of costs (the allowed amounts, excluding copays) for covered health care services with you—this is your **coinsurance**.\*

YOU PAY 20%\*

YOUR PLAN PAYS 80%

## 3 When you reach your out-of-pocket limit...

Your plan covers your costs (the allowed amount) at 100%. Your **out-of-pocket limit** is the most you'll pay for covered health services in a plan year—copays and coinsurance count toward this.

YOUR PLAN PAYS 100%

Along the way, you may also be required to pay a fixed amount (for example, \$15)—or **copay**—for covered health care services, such as seeing a provider or purchasing a prescription. You pay 100% of the copay, usually when you receive the service.

\* Your coinsurance may vary by service. This example is for illustrative purposes only.

## More ways to help manage your health plan and stay in the loop.

### Search the network to find doctors.

You can go to providers in and out of our network — but when you stay in network, you'll likely pay less for care. To get started:

- Go to [welcometouhc.com](https://www.welcometouhc.com) > **Benefits** > **Find a Doctor or Facility**.
- Choose **Search for a health plan**.
- Choose **Choice Plus** to view providers in the health plan's network.

### Manage your meds.

Look up your prescriptions using the Prescription Drug List (PDL). It places medications in tiers that represent what you'll pay, which may make it easier for you and your doctor to find options to help you save money.

- Go to [welcometouhc.com](https://www.welcometouhc.com) > **Benefits** > **Pharmacy Benefits**.
- Select to view the medications that are covered under your plan.

### Access your plan online.

With [myuhc.com](https://www.myuhc.com)®, you've got a personalized health hub to help you find a doctor, manage your claims, estimate costs and more.

### Get on-the-go access.

When you're out and about, the UnitedHealthcare® app puts your health plan at your fingertips. Download to find nearby care, video chat with a doctor 24/7, access your health plan ID card and more.

Good stuff that's good to know.

I dig it!
